DFC-364 Disposable Film Cutter

Turn handle over to cut tape safely and effortlessly. Just poke metal splitter through tape then pull.

Place thumb on the side grips to firmly guide your cut downward. The tool design and ultra sharp blade maintain the optimum cutting angle for cutting shrink wrap.

Non removable stainless steel blade

- Eliminate loose blades from the workplace
- Cut shrink wrap, plastic strapping, and tape
- Long-lasting stainless steel blade
- Economical
- Easy to use
